

The Maricopa Education Foundation made its presence known at the 6th Annual Founders Day event at Pacana Park on Saturday, Oct. 10. In addition to providing literature about the foundation's efforts to raise funds in order to promote community educational programs, members of the board of directors made and sold root beer floats--425 of them! Board president Rick Abel and Grants Committee chairman Jeff Kramarczyk also took the stage later in the day to present replica checks to recent grant recipients.
